Neurogenic Disorders: Reflection #9

Build Content Assessments Tools Partner Content

Video for Reflection #9: Living with Alzheimer's & Dementia

Please watch this video and then respond to the questions under the assignment tab that follows.

Reflection #9: Living with Dementia

After watching the video, please respond to the following questions, no later than **Wednesday, March 18 at 1:00 p.m.:**

1. What did Dr. Power mean by the phrase "building ramps" for people with dementia?
2. Why do you think that we as a society are so reluctant to discuss issues related to dementia?
3. Which abilities actually improve with normal aging, and which abilities tend to decline?
4. Give one example of a behavioral change that might occur if a person with dementia suffers frontal lobe damage:
5. How does our fear of dementia interfere with our ability to develop effective support plans for those living with the disease?
6. On average, what percentage of household wealth do families of persons with dementia spend on long-term care during the last five years of life? What percentage of household wealth do African American families spend?
7. Where do the majority of persons with dementia live, and who cares for them?
8. What are respite programs, and why are they important?
9. How are some churches getting involved in providing care for persons with dementia?
10. Describe the care model used by Abe's Garden:
