## ISU details plans for phased-in return to on-campus summer operations

ISU officials released details Thursday of the plan for a phased-in return to summer on-campus operations.

The plans are consistent with the governor's Back on Track Indiana Roadmap, and include a list titled *ISU General Safeguards for Campus Employees and Departments*. The numerous safeguards include barriers between work stations where social distancing is impossible and increased cleaning of high-contact surfaces and items in common areas.

"University officials made these plans carefully and in consultation with student, faculty, and staff leadership," ISU President Deborah J. Curtis said. "We will modify these plans as necessary based on guidance from government health agencies."
