Program Certification (IPTPC) from the [College Reading and Learning Association \(CRLA\)](#). It is the first certification the Center has received since it was created two years ago.

The CRLA certification criteria included the creation of 15 hours of Peer Educator training, a formal interview process with the director and coordinator, and a minimum GPA of 3.0.

“The certification will allow the ISU Mentoring Center to create, improve, expand, and provide specialized training to mentors, in addition to providing recognition and positive reinforcement from an international organization for mentors' successful work,” said Director Aaron Slocum. “Peer mentors who complete the mentor training and 50 hours of peer education experience will become certified peer mentors.”

Mentoring Center staff created training materials and assessment pieces from scratch. The process took a year and a half to complete. All materials were reviewed by the CRLA for certification, which is valid until Dec. 31, 2022.

The Mentoring Center connects ISU students with mentors who can help them develop professionally, academically, and personally. It also supports faculty mentoring through a partnership with the [Faculty Center for Teaching Excellence](#).
