

Provost Covid Returning to normal video- auto transcript- You Tube  
3/31/2021

hi everyone i'm chris olsen and i have  
00:02  
the honor to serve as the interim  
00:03  
provost and vice president for academic  
00:05  
affairs  
00:06  
i just want to say a few words about  
00:07  
where we are this spring and  
00:09  
as we look forward to the summer and the  
00:11  
fall and return to a lot of our  
00:12  
on-campus and in-person events that  
00:14  
we're so excited about  
00:16  
i think we're all excited that we're  
00:18  
headed in the right direction  
00:19  
in controlling the virus having said  
00:22  
that  
00:22  
just another reminder to to be safe  
00:25  
right to remember to wear your masks  
00:26  
keep socially distant whenever you can  
00:29  
and most of all  
00:30  
please get vaccinated when you're  
00:32  
eligible to do that  
00:33  
i encourage you to do that as soon as  
00:35  
you can my second dose is this afternoon  
00:37  
and i'm very excited about it  
00:40  
so as we remember to be careful and be  
00:42  
uh be concerned about the virus we also  
00:44  
want to look forward to a lot of our  
00:46  
events that are returning in the summer

00:48  
and the fall  
00:48  
and obviously that's exciting for us  
00:50  
this summer for instance we're planning  
00:52  
on  
00:52  
the summer undergraduate research  
00:54  
experiences the sure program  
00:56  
and in-person performances from the  
00:58  
crossroads repertory theater  
00:59  
and just two examples of the kind of  
01:01  
experiential learning and community  
01:03  
engagement events that are hallmarks of  
01:05  
an isu education  
01:06  
so that's that's a lot to look forward  
01:08  
to and then of course the fall  
01:10  
i think we're all excited about coming  
01:12  
back in the fall a full range of  
01:14  
in-person events  
01:15  
and activities and of course in-person  
01:18  
classes  
01:19  
for us you know studios labs clinicals  
01:22  
uh and travel study and my own personal  
01:25  
favorite  
01:26  
study abroad those are the kind of  
01:28  
things that we're all looking forward to  
01:29  
and again those are what make  
01:31  
the difference for a lot of students and  
01:33  
for a lot of us  
01:34  
for an isu education experiential

01:37

learning and community engagement

01:38

are really what we do so well so we're

01:41

excited about that

01:43

you know a final reminder that we we

01:45

want to get there and we think we're

01:46

going to get there but we have to

01:48

be careful right now so please remember

01:50

to be vigilant

01:51

wear your masks stay distant

01:54

and of course get vaccinated thank you

01:57

have a great rest of the semester

01:58

and we'll see you in the fall
