New AVP for Community Engagement and Experimental Learning

Dr. Nancy Rogers has been appointed as the associate Vice President for Community Engagement and Experimental Learning. This new AVP position will aide in improving coordination of activities associated with our special emphasis. Reporting to

the provost, Nancy will also serve as a member of the President's cabinet. Her responsibilities will include directing the Center for Public Service and Community Engagement and overseeing the Center for Business Support and Economic Innova-

tion, the Career Center, the Corrections Education Program, the regional learning centers and the restructuring of continuing education and extended learning.

Congratulations Nancy 😊

NCA Progress Update

The NCA criterion committees have submitted their data links to support the information contained in the draft report. NCA Faculty Fellow Bob Guell is currently working on an overall second draft of our response to the five core criterion. This draft will be completed by the last week of October. During November, the NCA team will begin the process of soliciting campus input regarding the self study draft. The NCA draft report does not include the Special Emphasis on Community Engagement, nor does it yet integrate the new Strategic Plan at this time. Both of these will be included in the draft that will be distributed mid-spring 2010.

The Self Study is found at:
