Call To Order

The Indiana State University Board of Trustees met in regular session at 3:00 p.m. on Tuesday, August 30, 2011, in the State Room, Tiley Hall.

Present: Mr. Alley, Mr. Baesler, Mr. Campbell, Mr. Lowery, Mr. Minas, and Ms. Tucker.
Trustees Absent: Ms. Bell, Mr. Pease and Mr. Pillow.

President Bradley, Vice Presidents Beacon, Maynard, McKee and Tillery and Ms. Sacopulos, General Counsel and Secretary of the University were present. Also attending were Dr. Steve Lamb, Chairperson of the University Faculty Senate, Ms. Kelly Hall, Chairperson of the Staff Council and Mr. Nick Utterback, President of the Student Government Association.

There being a quorum present, Mr. Alley called the meeting to order at 3:00 p.m.

Remarks:

Report of the Board President (Mr. Alley) (Mr. Alley made the following remarks)

I am pleased to welcome Alexis Tucker as our new student trustee and Dave Campbell as the alumni trustee. We are also pleased to have Kelly Hall, Steve Lamb and Nick Utterback back with us. It is my pleasure to serve again as President of the Board.

At the organizational meeting of the Board on August 5, the nominating committee put forth the slate of officers as follows: Mike Alley, President; Randy Minas, Vice President; Norman Lowery, Secretary; and Ed Pease, Assistant Secretary. The committee also appointed Diann McKee as Treasurer. We will focus on serving the University and building on the success under the leadership of Ron Carpenter, Dan Bradley and his team.

The Board Retreat was a great opportunity for orientation of new Board members and to focus on a number of issues as we go forward.

We discussed the strategic plan and the success and the progress we are making on that. I feel very good about the progress the University has made, thanks to all of you and your efforts. It is a great University initiative. We have a lot of work to complete but are pleased at where we are at this time.

Enrollment is an important issue, and the Trustees are pleased with the work to date. I want to reiterate that enrollment and retention are of the utmost importance.

The Trustees also discussed costs related to health care. Health care costs are a challenge to businesses across the country, and the University is no exception. The University spends approximately \$20 million annually on medical and dental claims. Health care costs are a significant part of our overall budget. As the Trustees analyzed the budget, we concluded it is not realistic to assume we can continue to sustain a 7% increase in the health care plan every year. We would like to challenge the University to limit increases to 5% going forward and that might mean

making changes to our plan. Our employees pay 25% per year of the total premium, which is low. Employees at other places pay 25 to 40% of the premium. As we reviewed the scenario, we would like to challenge the administration over the next 3-5 years to reformulate the health care plan so employees may pay about 1/3 of the total cost, or 33%. We would ask the administration to consider limiting the increases in total health care costs at 5%, and increase the percent the employees pay so that it is consistent with what the State of Indiana government employees pay.

The Indiana Commission for Higher Education Trustees Academy will be held on September 26 in Indianapolis. A number of trustees will be participating in that meeting.

As part of the Homecoming Weekend we will change the Board meeting to two days. On the afternoon of October 13 we will have seminars. The Athletics Hall of Fame Dinner will be held that evening. The Board meeting will be held in the afternoon on October 14 with the Distinguished Alumni Banquet that evening. The parade will begin at 9:00 on Saturday and the football game at 3:05 p.m.

Indiana Society of Chicago is scheduled for December 3. A number of activities will be revolving around that weekend.

I look forward to the coming year and working with all of you. I am delighted to have our students back.

Report of the Faculty Senate Chairperson (Dr. Lamb)

(Dr. Lamb submitted the following report)

This month the Executive Committee has met twice and the Faculty Senate once.

Together, we established and confirmed membership of the Faculty Senate Standing Committees and the Faculty Dismissal Committee. We also provided input into the memberships of the University Administrative Committees.

We approved transfer of University budget advisory input from our Administrative Affairs Committee to our Faculty Economic Benefits Committee, subject, of course, to Board acceptance.

We also considered the documentation appropriate for rank and tenure decisions on a faculty member who has come from a previous institution.

The Executive Committee remains concerned that faculty governance have the opportunity to exercise its primary and advisory authority, as specified in the University Handbook, before issues come before the Board. We recognize the difference between action items and discussion items, but would appreciate sensitivity to protocol. Over the past few years, we have developed a most positive working relationship with the President and Provost and are most anxious that it be kept strong through sensitivity to Handbook procedures. Certainly, before curricular or teaching methodology decisions are made, we ask that you ensure that the governance process has been respected.

I was concerned that the Board is being asked to approve new terminology for faculty appointments, to appear in Handbook Section 305. This item was not channeled through faculty governance, as is appropriate and desirable. It is my understanding, however, that this new

terminology is being created in order that non-tenured faculty (who serve on a full time basis for more than one year) may be eligible to receive benefits that they were previously denied such as tuition waivers, and retirement benefits, which is an admirable goal. And, it is the case that the Provost desires those non-tenured track faculty who have served year after year, on one year appointments, be appointed for longer terms, in order that they may receive these benefits. And, it is the case that the Provost was quite willing to take considerable direction from the Senate officers, given our natural paranoia, resulting in a significant modification of this item, which will allow temporary faculty to be more fully integrated into the academic life of the University. The result of these modifications is the new proposal which has been placed in your packet. I thank you Provost Maynard.

I know the Board is under State pressure to accomplish change at an unbelievable pace. I have always done, and will continue to do, everything reasonable to enable the Faculty Senate to expedite processes when that is requested. And, I certainly appreciate the Board's desire to honor the governance process. Thank you, Chairperson Alley.

Finally, I want to end on a most positive note. We are so grateful, so grateful, to the Board and to President Bradley for the specifics in the President's new contract. Both he and you have shown a wonderful awareness and sensitivity to both the history of the institution and the current economic climate.

Report of the Staff Council Chairperson (Ms. Hall)

(Ms. Hall submitted the following report)

It is nice to be back with all of you again. A few things have changed since I was last here, but I am glad to say all of them are good. Joining me this year as the Council officers are: Lauraly Dubois as Vice-Chair, Christie Jacob as Secretary, Lori Vancz as Treasurer, Craig Enyeart as Grievance Liaison, Theresa Ortega as Communications Officer, and Linda Ferguson as Parliamentarian.

The annual Staff Council Retreat was held on July 14 at the Field Campus. With the amount of new representatives on Council this year and the amount of staff who have volunteered to serve on a committee, the Retreat focused on new Representatives and Committees. What being a representative of Council means and what they can do to be better representatives to their divisions and also on a committee. We are focusing our goals and objectives this year in the committees on the strategic plan for the University. How we can accomplish these goals as a Council was a hot topic of discussion. We spent time learning if we are leaders by the way we write or if we write like "millionaires." In the afternoon we suggested everyone try out an outside activity as a team project. A good time was had by all.

I am happy to announce that the Scholarship Committee is awarding eight scholarships this year. Six of them are our staff scholarships worth \$400 each and two will be given in recognition of the John and Jackie Phillips scholarship, worth \$270 each. We will hold our ceremony this year at the new Foundation building on September 8.

We as staff are looking forward to the Recognition of Service Ceremony and will once again honor those staff members with 5 to 35 years of service to the University.

In conclusion, the Council and I hope that this will be a year the University can strive for even bigger and better accomplishments and we are here to help in any way we can.

Report of the Student Government Association President (Mr. Utterback) (Mr. Utterback submitted the following report)

I would like to first start by congratulating President Bradley on a successful first few years at Indiana State University and I know he will continue to take ISU in the right direction for years to come. I would also like to welcome our new student trustee Miss Alexis Tucker. Summer has now passed and we are entering into a very busy time in the school year. SGA has been very productive over the summer, as I assume most of you have been as well. While working over the summer, many events and activities have been planned for the students here at Indiana State University. One of these events was the Fountain Party that took place a little over a week ago. SGA viewed it as a great success due to the student turnout and spirit that could be felt even while working in the humid Pepsi truck. It was also nice to see that students behaved appropriately and there were few issues resulting in negative consequences. Hopefully some of you have seen similar good behavior being displayed by students around campus.

Moving forward into the school year, SGA will be hosting an open house tonight available to all students, faculty, and staff. This will take place in Dede III from 5:00-7:00 p.m. We hope to see many of your faces there if you have any interest in SGA or are just curious about what we do in Student Government. We have also been actively planning themes for many sporting events and ordering supplies accordingly. We look forward to seeing an increase in faculty and staff attendance as well as the students. Don't feel like you are not invited since you don't have your own designated cheering section!

At the previous board meeting, I mentioned that one of the bigger goals for SGA this year was awareness. This is already getting off to a great start with the interest we have seen in joining Freshmen Council and Senate. If you ever have any interest in seeing how the Legislative Branch works in SGA, feel free to stop by our first Senate meeting on October 5 at 7:00 p.m. in Dede III.

As you can see, SGA has a multitude of activities and plans for the school year, and we want you to feel more than welcome to join in. Please do your part to help SGA promote Sycamore Spirit on Blue Fridays. If students witness their administrators engaging in the blue movement, then they will feel more obligated to show school spirit as well. One thing I want you to remember while starting this school year is that we are all here to serve students. I wish you all the best of luck and I look forward to seeing all of you out and about on campus.

Report of the University President (Dr. Bradley) (Dr. Bradley submitted the following report)

President Bradley welcomed the two new Trustees, David Campbell and Alexis Tucker.

I would like to express my deep appreciation for the trustees' confidence in me and their affirmation of the direction the university is heading (assuming that the extension of my employment contract is approved during today's meeting).

In addition to the trustees, I would like to thank the members of my cabinet, the deans and other senior administrators, the leadership of the governance units and the faculty and staff members who dedicate themselves to advancing our university each and every day. Any success the university is having is the result of the work of many.

Cheri and I have thoroughly enjoyed our time at ISU and are looking forward to being around for another five years.

We have a well-prepared incoming class with an average gpa of 3.04, the highest in the last decade. As of today, our headcount enrollment is 430 students more than last year, with Correctional Education students not included. The number of incoming freshman and transfer students nearly matched last year's class, making it the second largest in our University's history. We distributed 1,393 laptops which is twice the number from two years ago.

Move in went extremely well with more than 900 students volunteering their time to assist families with carrying belongings. The Residential Life staff did a great job of organizing the move-in.

Orientation and welcome events were also well-received with large numbers participating, lots of fun and a great deal of enthusiasm.

The class of 2015 gained national attention with their class photo spelling out trees which was featured by the Chronicle of Higher Education.

A total of 511 students participated in Donaghy Day preparing the downtown district for the Downtown Block Party.

One of the strategic priorities for this year was to increase the number of African American faculty. I am happy to report a net increase of 5. While only a start, it does move us along our chosen path.

Faculty and staff kicked off the new academic year with a Sycamore Carnival, a new twist to the annual Welcome Back Picnic. Hosted by the Student Recreation Center, the carnival was a huge success and all of the vice presidents and deans did a great job in serving as our carnival workers running the games. Many of those in attendance also helped launch our new Ryves Neighborhood Partnership by donating school supplies, gift cards, and cash donations.

Cheri, of course, had her annual lemonade and cookies stand. This year our facilities crew built an actual lemonade booth which was placed in the middle of the traditional quad. More students, faculty and staff stopped by this year than ever before.

The Downtown Block Party was also a huge hit. Organized by Downtown Terre Haute, which is led by our own Chris Pfaff, the block party is one of many events that are energizing our downtown and campus community.

While everyone is busy getting classes underway and addressing other beginning of the year issues, the work on implementing the strategic plan continues. I will be providing a campus-wide update on the university's progress toward our strategic goals and the performance metrics established to measure them during my fall address at 3p.m. on Wednesday, October 5, in Tilson Music Hall.

The October Board meeting will be conducted in conjunction with Homecoming. Seminar items that will be presented include the annual report of the President's Council on Diversity and a report on University business with minority vendors.

Thanks again for your support.

Item (IV)(a)(i):

Naming of Center for Performing and Fine Arts

On February 27, 2009, the Indiana State University Board of Trustees approved a policy concerning the naming of universities facilities. In accordance with this policy, the ISU Board of Trustees has sole authority to confer honorific names on new, renovated or existing facilities, academic and non-academic units, for individuals who have made significant contributions to Indiana State.

Given the extraordinary contributions made by Dr. Richard G. Landini, the eighth president of Indiana State University, to the growth and development of Indiana State University, it is hereby recommended that the current Center for Performing and Fine Arts be renamed the Richard G. Landini Center for Performing and Fine Arts. This recommendation has been approved by the President of the University and the President of the ISU Foundation in accordance with the naming policy.

Dr. Richard G. Landini Highlighted Biographical Information

Dr. Richard G. Landini served as the eighth president of Indiana State University from 1975 to 1992, the third longest tenure of an ISU president. A native of Pittsburgh, Pennsylvania, Dr. Landini earned his bachelor's and master's degrees in literature at the University of Miami and his PhD in American literature from the University of Florida. A distinguished scholar, he served in teaching and administrative positions at the University of Florida, Arizona State University and the University of Montana before coming to ISU. He received honorary degrees from the University of Miami, Quincy College, Baiku Jo Gakuin University in Japan and Indiana State.

During his tenure, the general education curriculum was enhanced, admissions standards were raised and redefined; and several national honor societies were chartered. More than 20 new undergraduate and as many graduate programs were created including a master's in public administration, a master's in nursing and a doctorate in psychology.

In addition, a \$55 million campus master plan was developed. This resulted in the construction of numerous campus facilities and the transformation of an urban campus into a beautifully landscaped, pedestrian-friendly environment. President Landini also created Donaghy Day, a campus-wide clean-up and beautification day.

The Landini years were also filled with athletic success. The men's athletic teams joined the Missouri Valley Conference, and ISU became a founding member of the Gateway Collegiate Athletic Conference for women's athletics. The 1979 men's basketball team, led by All-American Larry Bird, was runner-up in the NCAA Division I Basketball Championship Tournament, and the men's gymnastics team, led by Kurt Thomas, won the NCAA National Championship.

Dr. Landini retired as president in 1992 but continued teaching until his death in 2004 at the age of 74.

RECOMMENDATION: Approval of the naming of the Center for Performing and Fine Arts as the Richard G. Landini Center for Performing and Fine Arts.

On a motion by Mr. Campbell, seconded by Mr. Lowery, the recommendation was approved.

Employee will not accept other employment prior to termination of the Employment Agreement as provided herein. The Board acknowledges that the Employee's involvement in the business and community life of Terre Haute, the State of Indiana, and the nation may result in mutual benefit to the parties. The Employee acknowledges that any unrelated benefits, remunerations, or perquisites other than the Base Salary and benefits described in this Employment Agreement do not create any obligation owed Employee by the University. Employee shall seek the

consent of the President of the University's Board of Trustees ("Board President") before agreeing to serve on the board of directors of any for-profit or not-for-profit corporation, limited liability company, or other business entity. 4.2.2 If Employee remains an active faculty member as defined by the University Handbook, Employee shall receive a salary of seventy-seven per cent (77%) of the amount of the Base Salary plus Supplemental Retirement Contributions as President in effect on July 1 prior to termination for a period of up to four (4) years. Thereafter, Employee's salary shall be adjusted to match the highest compensated faculty member, exclusive of department chair, dean or anyone other than a regular member of the faculty, in the same department in which the Employee is tenured and teaches. Employee shall be eligible to receive Base Salary increases awarded to other tenured faculty members. Employee shall not be required to teach more than the normal teaching load as referenced under the University Handbook and related policies.

Employee shall also endeavor to ensure that all officers of the University shall conduct themselves in accordance with these expectations.

6.1 Annual Goals. Employee and Board mutually acknowledge the value of regular goal setting and performance reviews as a means of personal development and performance assessment. The President and Board shall mutually develop written, measurable goals on an annual basis to define the priorities of the institution and provide a basis for evaluating Employee's performance.

6.2 Annual Evaluation. At the conclusion of each academic year, Employee shall prepare an annual self-assessment report that discusses progress toward the agreed upon goals. Employee shall discuss this self-assessment report with the President of the Board and thereafter present the report to the full Board in executive session.

Following discussions with the Employee, the full Board will meet in executive session outside of Employee's presence to discuss the self-assessment and formulate the Board's evaluation of his performance. The President of the Board will thereafter document the Board's evaluation of the Employee's performance in writing and discuss the evaluation with the Employee.

6.3 Expanded Reviews. The Board may, but shall not be obligated to, conduct an expanded review of the Employee's performance as President by engaging an outside consultant at its sole discretion.

6.4 Personnel File. All information, documents, and reports generated during Performance Review are deemed intra-agency, advisory, or deliberative material communicated for the purpose of decision making and as part of Employee's personnel file. No disclosure of the Personnel File or Performance Review documents may be occur without the express mutual consent of the parties except as required by state or federal law or pursuant to a court order. Employee has the right to review, respond, and submit proposed corrections (including written responses to any external findings submitted by an outside consultant retained to conduct an Expanded Review) to be included in the Personnel File or Performance Review documents and such submissions shall be included in Employee's Personnel File regardless of the Board's consent thereto.

7.0 Termination and/or Non-Renewal.

7.1 Resignation by Employee. Employee may terminate his employment as President of the University at any time upon not less than six (6) months written resignation notice to the Board, subject to any provisions herein that confer rights and benefits to Employee beyond the termination date, and effective on the date designated by Employee

7.2 Termination as President by Board. The Board may terminate Employee's employment as President of the University, with or without Cause, only upon such terms and at such times as provided herein.

7.2.1 The Board may terminate Employee's employment as President of the University, without Cause, upon six (6) months written notice to Employee. Upon termination as President of the University without Cause, the Employee's Base Salary, all benefits, and all other contractual rights expressed herein shall continue during the remainder of the term of this Agreement, unless the parties enter into any mutual agreement to revise or amend the Employment Agreement. After termination without Cause, absent mutual agreement otherwise, Employee's salary and benefits shall be paid consistent with the terms of Section 3.0 of this Employment Agreement (excepting Section 3.2, 3.3, 3.4, 3.5, 3.6, and 3.7 with regard to Discretionary Days) and Employee's duties and employment status shall be as defined in Sections 4.2 and 7.6 of this Agreement. In the event of termination of this Employment Agreement without cause, Employee shall not be subject to the reduction of Base Salary set forth in Section 4.2.2 until after June 30, 2016. In other words, if Employee is terminated without cause at any time during the term of this Agreement, Employee shall be entitled to the Base Salary in effect at the time of Termination outlined in Section 3.1, the vacation days outlined in Section 3.7, the Retiree Health Benefits outlined in Section 3.8, and the Supplemental Retirement Plan Contributions outlined in Section 3.9 in all respects as if he continued as President of the University until June 30, 2016. At the end of the term cited in Section 2.1 (i.e., June 30, 2016), whether by expiration of the Employee's service as President or following termination by the Board without cause at any time, and payment of all compensation referenced in this Section 7.2.1, Employee shall commence a Leave of Absence under the terms and conditions set forth in Section 7.6 (i.e., at 100% of Employee's then Base Salary and Supplemental Retirement Contributions in effect for July 1, 2015 and thereafter). Should Employee remain employed by the University as a tenured faculty member effective July 1, 2017, or thereafter, his compensation shall be determined by reference to Section 4.2.2.

7.2.2 The Board may, in its sole discretion and by majority vote, terminate Employee's service as President, or to suspend Employee as President, for Cause (as defined below and subject to the procedures described in Section 8 of this Employment Agreement), if Employee:

7.2.2.1 Is convicted of, pleads guilty to, or enters a plea of *nolo contendere* to a felony or a crime of moral turpitude (for purposes of this agreement, the term “felony” shall mean only Class A, B, or C felony offenses described in the Indiana Code and any felony under the United States Code);

7.2.2.2 Has committed a material breach of this Agreement that substantially harms the University; or

7.2.2.3 Has committed gross negligence or willful malfeasance in the performance of his duties that substantially harms the University and is not remedied after fifteen (15) business days written notice thereof to Employee.

7.2.2.4 Engaging in activity that impedes Employee’s ability to effectively perform the duties of the President, or that causes significant embarrassment to the University.

7.2.3 Employee shall be notified in writing of any termination initiated by the Board, whether with or without cause. If a proposed termination is for cause, the Board shall provide Employee written notice of its intent to suspend and/or terminate, including a detailed statement of its grounds for such action. Such notice shall not result in suspension of Base Salary or any benefit conferred by this Employment Agreement. Employee shall be entitled to compensation defined in this Agreement until the review and hearing process described in Section 8.0 of this Agreement, if exercised by Employee. This Employment Agreement may not be terminated until a final action by the Board consistent with Indiana law and the terms of this Agreement. Such termination with cause shall not result in suspension or termination of any provision of this Employment Agreement that expressly survives the termination of the agreement.

7.3 Termination In the Event of Death or Permanent Disability.

7.3.1 Termination for Death. In the event of the death of Employee during the term of this Agreement, the Agreement shall terminate as of the date of death. Employee’s estate shall be paid a *pro rata* portion of the Base Salary to the date of death, and; all other accrued benefits to which Employee is entitled under this Employment Agreement and any benefit plans, insurance policies, or other benefits customarily provided to EAP university employees. If Employee dies during the term of this Employment Agreement, Employee’s spouse shall have the right to continue to live in Condit House for a period of ninety (90) days.

7.3.2 Termination for Permanent Disability. If Employee is determined to be permanently disabled as defined herein, this Employment Agreement shall terminate effective on the date of permanent disability is determined and accepted by the Board, subject to any provisions that expressly survive termination of the agreement, and Employee shall receive all benefits to which he is entitled under the University’s disability insurance plan. For purposes of this Agreement, “permanent disability” is defined as the Employee’s inability to perform his essential duties as President with a reasonable accommodation for a total of one hundred eighty (180) days in any one year period. In the event of Employee’s permanent disability during the term of this Agreement, Employee and his spouse shall have the right to continue to live in Condit House for a period of ninety (90) days from date permanently disability is determined and accepted by the Board.

7.4 Non-Renewal. In the event this Agreement expires without renewal or extension, the Employee’s service as President shall terminate June 30, 2016. Continued employment of Employee at the University, if any at Employee’s election, shall be governed by Section 4.2 of this Agreement and survive the termination of this Employment Agreement.

7.5 President Emeritus. Upon expiration of this Employment Agreement, Employee’s voluntary termination without cause, or Board-initiated termination without cause, Employee shall be designated with the honorary title “President Emeritus,” a title without responsibility or authority. This honorific may be withheld or

suspended by the Board only if Employee is named President of another institution of higher learning, or violates any provision of Subsection 7.2.2. The board shall provide the President Emeritus with an office, appropriate administrative support and staff, and assigned tasks as mutually agreed upon between the Board and the President Emeritus.

7.6 Leave of Absence and Retention Incentive. If Employee voluntarily terminates this Employment Agreement or the Employment Agreement expires on June 30, 2016, and if Employee does not undertake employment elsewhere as a President of an institution of higher learning, Employee shall be granted a paid one (1) year leave of absence as follows:

* Resignation or termination before 6/30/13	77%
* Resignation or termination after 6/30/13 but before 6/30/14	85%
* Resignation or termination after 6/30/14 but before 6/30/15	92%
* Resignation or termination on or after 6/30/16	100%

The percentages reflect that portion of Employee's Base Salary plus Supplemental Retirement Contributions effective July 1 prior to termination or expiration of the Employment Agreement that the University will pay in leave of absence compensation. Employee shall be entitled to all other benefits described herein that are in effect on the effective date of termination or expiration of the Employment Agreement with the exception of housing at Condit House.

8.0 Suspension, Review and Hearing.

8.1 Suspension. The President of the Board, with the concurrence of the Board, has the authority to order the temporary suspension of Employee as President of the University for the causes identified in Section 7.2.2. Employee may be temporarily suspended with pay until either the review and hearing process described in Section 8.2 or Employee executes and delivers a written waiver of the right to a review and hearing. After a review and hearing and/or the written waiver of Employee's review and hearing rights, the Board, by majority vote, may make the suspension permanent and without compensation.

8.2 Review and Hearing. Employee, upon written request, has the right to a review and hearing relative to a temporary or proposed suspension as described herein before the full Board. Such review and hearing shall be considered a personnel matter and, therefore, not to be conducted in a public meeting except with the consent of both Employee and the Board. All applicable laws and procedures pertinent to the business of the Board shall be effect, including a requirement that a quorum of the Board be present and participate in any such review and hearing.

8.2.1 Upon written receipt of Employee's written request for a review and hearing, the Board shall provide Employee a written notice of the time and place of hearing not less that fifteen (15) days notice in advance. Employee is entitled to attend the review and hearing, be heard on the matters addressed in any written notice of temporary or proposed suspension, and be notified in writing of the Board's actions with respect to the temporary or proposed suspension;

8.2.2 Within ten (10) days following the hearing, the Board shall provide written notice to Employee of its decision regarding termination for Cause;

8.2.3 If, after any such review and hearing, the Board elects to terminate Employee's services as President of the University, Employee shall be entitled to continued employment and salary as is set forth in Section 4.2 of this Agreement.

9.0 Mediation and Dispute Resolution.

For any claim that Employee has against the University or any of its trustees, officers, employees, or agents, Employee shall provide written notice of such claim to the University within one hundred (180) days of accrual of the claim, providing details of the nature of the claim and the relief sought. The parties agree that any controversy or claim that either party may have against the other arising out of or relating to the construction, application or enforcement of this Agreement, as well as any controversy or claim based upon the alleged breach of any legal right relating to or arising from Employee's employment and/or termination of his employment, shall be submitted to non-binding mediation. The Indiana Rules of Alternative Dispute Resolution shall apply to any such mediation session, including the confidentiality provisions of those rules. Within fifteen (15) days after delivery of a written notice of request for mediation from one party to the other, the parties shall mutually agree upon a mediator certified by the Indiana Supreme Court to conduct such proceedings, which shall be conducted in Indianapolis, Indiana, absent mutual agreement otherwise. The costs of the mediation shall be borne by the University. In the event that the parties are unable to resolve a dispute without litigation, any lawsuit must be filed by either party against the other within one (1) year of accrual of the claim. Any lawsuit will be adjudicated by a trial judge without a jury.

10.0 Governing Law

This Agreement shall be governed and construed exclusively in accordance with the laws and rules of the State of Indiana, subject to the mediation provisions contained herein. The parties to this Agreement specifically consent to the jurisdiction of the courts of Indiana over any action arising out of or related to this Agreement.

11.0 Severability.

If any provision of this Agreement shall be determined to be void, invalid, unenforceable, or illegal for any reason, it shall be ineffective only to the extent of such prohibition, and the validity and enforceability of all the remaining provisions shall not be affected. The parties agree that the covenants and obligations of the parties contained herein shall be independent of each other, and the performance of any obligation arising hereunder is not conditioned upon the performance of any other obligation.

12.0 Binding Effect.

The obligations and duties of Employee shall be personal and not assignable or delegable in any manner whatsoever. This Agreement shall be binding upon and inure to the benefit of Employee and his executors, administrators, heirs, successors, and permitted assigns, and upon the University and its successors and assigns.

13.0 Entire Agreement.

This Agreement constitutes the entire agreement and understanding of the parties with respect to their subject matter and supersedes all prior verbal and/or written negotiations, discussions, correspondence, communications, understandings, and agreements between the parties relating to the subject matter thereof. This Agreement shall not be amended, modified, or changed other than by express written agreement of Employee and the University.

14.0 Advice of Counsel.

Employee acknowledges that he has been provided with the opportunity to review this document with legal counsel of his choice prior to executing this Agreement. Employee enters into this Agreement of his own free will, with full appreciation of the legal effect of this Agreement, and in consideration of the mutual covenants and conditions contained herein.

15.0 Notices

Any notices required or permitted to be given under this Agreement shall in writing and sent by United States mail to the last known residential address in the case of Employee, or the Office of Legal Affairs, Indiana State University, Terre Haute, IN 47809 in the case of the University.

16.0 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which shall constitute but one of the same instrument. Signatures delivered by facsimile and by email will be deemed to be original signatures for all purposes, including for purposes of applicable Rules of Evidence.

17.0 Section Headings; Interpretation.

The Section headings contained in this Agreement are solely for convenience of reference and shall not affect the meaning or interpretation of this Agreement or of any term or provision hereof. Each party has reviewed and participated in drafting and revising this Agreement, and the normal rule of construction that any ambiguity is to be resolved against the drafting party shall not be employed in the interpretation of this Agreement.

18.0 Waiver of Default or Breach.

Waiver by the Board of a breach of any provision of this Agreement by Employee shall not operate or be construed as a waiver of any subsequent breach.

IN WITNESS WHEREOF, Employee and the authorized representative of the Board have executed this Agreement as of the date first above written, and this Agreement shall become valid and enforceable upon approval of the same by the Board in a public meeting of the same.

Proposed definitions:

- I. Regular Faculty
 - Tenured and Tenure-Track
 - Instructor
 - 15 hours of instruction or equivalent each semester

Recommendation: Modification of Section 305.

On a motion by Mr. Lowery, seconded by Ms. Tucker, the recommendation was approved.

**Item (IV)(a)(iv):
Modification of Staff Benefit Programs, Retirement Benefits, and Fee Waivers
& Awards, University Handbook sections 510, 535 and 555**

A committee of Tenured and Tenure-Track Faculty, Non-Tenured and Non-Tenure-Track Faculty, and Staff worked last academic year to review the benefits currently received by Non-Tenure-Track Faculty (*New Terminology: Regular Faculty - Instructors and Temporary Faculty*). In order to attract and retain qualified faculty in Non-Tenure-Track positions, the University seeks approval to expand the benefits received by Non-Tenure-Track faculty effective August 1, 2011 as follows. The current University Handbook language will be modified to reflect the benefit changes.

Proposed benefit changes:

Regular Faculty: Instructors teaching 15 hours or equivalent each semester on a 2-5 year contract shall have their benefits expanded from the current Health Insurance, Life Insurance, Sick Leave, and Tuition Waivers for self to include the following additional benefits: Disability, Tuition Waivers for spouse/partner and dependent child, and TIAA/CREF contribution.

Recommendation: Modification of Handbook Sections 510, 535 and 555.

On a motion by Mr. Campbell, seconded by Mr. Minas, the recommendation was approved.

Item (IV)(a)(v): Establishment of Emeritus/Emerita Faculty Status Policy

On January 20, 2011, Faculty Senate passed the following policy:

Tenured faculty members who have provided at least 15 years of continuous honorable service to Indiana State *shall* be awarded the title of *Emeritus/Emerita* upon retirement from the university unless the immediate supervisor prior to the individual's retirement presents significant cause for denial. In most cases the immediate supervisor is the chair of the retiree's academic unit. The petition for denial of *Emeritus/a* status must be presented in writing to the dean of the college in which the retiree served and approved by the dean and faculty governance body of that college.

Tenured faculty members who have provided at least 10 years of continuous honorable service to Indiana State University may, upon nomination from the Department Chair, be awarded the title of *Emeritus/Emerita* upon retirement.

In *truly exceptional* cases, faculty members with fewer than 10 years of honorable service to Indiana State University may, upon nomination from the department chair and approval by the college dean and college governance body, be granted the title *Emeritus/Emerita* upon retirement.

Title *Emeritus/Emerita* would normally follow the regular professional title, as in "Professor Emeritus of History." Once emeritus status has been conferred, such faculty will be encouraged to continue scholarly pursuits and enjoy continued participation in University activities; they also will be offered laboratory and office space, as available, on campus. They will retain continued library privileges and ISU e-mail accounts.

Recommendation: Approval of Emeritus/Emerita Status policy.

On a motion by Mr. Baesler, seconded by Mr. Lowery, the recommendation was approved.

**Item (IV)(a)(vii):
Physician's Assistant Seat Fee**

The Department of Applied Medicine and Rehabilitation and the College of Nursing, Health and Human Services has identified the need to secure a commitment from prospective students in the Physician's Assistant Program (MS), and

as such, proposes a non-refundable matriculation fee of \$500 to be required of students admitted to the program. The fee will be used to cover non-equipment costs for the program, as well as guaranteeing the student's place in the admitted cohort. The fee is common practice in PA programs due to the high demand for placement in an accredited program.

Recommendation: Approval of the proposed \$500 matriculation fee effective with those students admitted to the fall 2011 Physician's Assistant Program (MS) cohort.

On a motion by Ms. Tucker, seconded by Mr. Campbell, the recommendation was approved.

Item (IV)(a)(viii): Sale of Real Estate

Two parcels of University owned property located at 823 and 827 North 5th Street in Terre Haute, Indiana have been previously declared surplus by the Indiana State University Board of Trustees. Three appraisers were appointed by the Governor of the State of Indiana to appraise such property for sale. Sealed bids were solicited by a public notice to bidders. One bid was received at the appraised value of \$30,000.

Recommendation: Approval of the following sale of real estate to SAE Financial and Housing Corporation for appraised value of \$30,000 with conveyance of property subject to certain deed restrictions:

823 N. 5th Street: 84-06-21-226-008.000-002: John Sibley Sub N-1/2 Lot 49

On a motion by Mr. Baesler, seconded by Mr. Campbell, the recommendation was approved.

Item (IV)(a)(ix): Off Campus Housing Pre-Development Agreement

The 2009 Strategic Plan calls for the development of student housing in downtown Terre Haute to create a positive impact on the retail environment and offer more market friendly options to upper level students. The University recently issued a Request for Qualifications (RFQ) to identify potential developers with an interest in developing off-campus housing located in the downtown area. After a review of submitted qualifications, the University wishes to enter into an agreement with Thompson-Thrift Development, Inc. to allow for pre-development and planning services.

Recommendation: Authorization for the Treasurer of the Board of Trustees to engage Thompson-Thrift Development, Inc. to provide pre-development and planning services for off-campus housing in the downtown area of Terre Haute as described in the pre-development agreement shown below and to negotiate master lease terms, subject to the approval of the Board of Trustees and the State of Indiana:

On a motion by Ms. Tucker, seconded by Mr. Baesler, the recommendation was approved.

Section 1.3. This Agreement does not include or address professional services such as legal, engineering, or construction services. The parties hereto shall negotiate a separate agreement for any such professional services.

Article II

Potential Development Site Costs shall be expressly authorized in writing by ISU before such costs are incurred by TTD via a Work Authorization Form as shown in “Exhibit B.”

Section 2.2. All Potential Development Site Costs shall be paid as follows:

(i) If a lease agreement between ISU and TTD relating to development of any Potential Development Site is executed then the Potential Development Site Costs that have been incurred by TTD on behalf of ISU under the terms of this Agreement shall be amortized in such lease agreement and included in the base rent of such lease agreement and shall not be due and owing by ISU to TTD under the terms of this Agreement;

- (ii) If no lease agreement is executed, then ISU agrees to pay TTD in accordance with Article VI below; or
- (iii) Within one hundred eighty (180) days of TTD invoicing ISU for any Potential Development Site Costs that have been incurred by TTD. If a lease is executed after Potential Development Site Costs are paid by ISU under this Sub-Section 2.2(iii), then TTD shall repay to ISU such amounts, and such amounts shall be treated under Sub-Section 2.2(i), above.

Article III

Pre-Development Schedule

Section 3.1. TTD shall prepare and amend from time to time a schedule for the pre-development (“Predevelopment Schedule”) of any Potential Development Site, such Predevelopment Schedule to include: reasonable dates for completion of title work, surveying, soil investigations, environmental investigations, any changes in zoning, engineering services, and architectural services.

Section 3.2. ISU hereby authorizes TTD to commence due diligence for any Potential Development Site upon execution of this Agreement by both parties. Due diligence to include, but not be limited to title, survey, environmental, and government approvals.

Article IV

However, this Section 4.1 shall not apply to acts of negligence or of gross negligence on the part of TTD, including its owners, agents, employees, or contractors.

Article V

Disclaimer of Liability

Section 5.1. No warranties or representations have been made by TTD concerning any Potential Development Site, including without limitation intended, the economic, legal, or physical feasibility of any Potential Development Site, or the merchantability, fitness or suitability of such Potential Development Site. TTD hereby disclaims any implied warranty or representation concerning any Potential Development Site, including without limitation intended, those aspects described in the immediately preceding sentence. However, ISU shall be able to rely on the professional advice of TTD, and this Section 5.1 is not intended to disclaim any liability relating to professional advice rendered by TTD regarding any Potential Development Site.

Article VI

Termination

Section 6.1. In the event that ISU determines development of the Potential Development Site is not feasible, then ISU may cancel this Agreement at any time and without any damages or penalties owing to TTD by giving fifteen (15) days written notice of such cancellation to TTD. If this Agreement is canceled by ISU, then TTD shall be entitled to

reimbursement for all authorized costs that have been incurred by TTD on behalf of ISU under a Work Authorization Form executed by ISU prior to the date notice of termination under this Section 6.1 has been provided.

Article VII

Section 7.1. Neither this Agreement, nor any of the rights or duties hereunder may be assigned or delegated to any other person or entity by either party to this Agreement without the express written consent of the other party.

Section 7.2. Any and all notices or other communications required or permitted by this Agreement or by law to be served on, given to, or delivered to either party to this Agreement by the other party shall be in writing and shall be deemed duly served, given, or delivered when personally delivered to the party to whom it was addressed or in lieu of personal service, when deposited in the United States Mail, postage pre-paid, addressed to ISU or to TTD at the addresses first above written. Section 7.6. TTD and ISU have taken, or will take prior to execution, all necessary action to enter into and bind the parties to this Agreement, as well as any other instruments that may be required hereunder, such as Work Orders.

Section 7.7. Any one or more such counterparts or duplicate signature pages may be removed from any one or more original copies of this Agreement and annexed to other counterparts or duplicate signature pages to form a completely executed original instrument.

Section 7.8. This Agreement cannot be changed nor can any provision of this Agreement, or any right or remedy of any party, be waived orally. Changes and waivers can only be made in writing and the change or waiver must be signed by the party against whom the change or waiver is sought to be enforced. Any waiver of any provision of this Agreement, or any right or remedy, given on any one or more occasions shall not be deemed a waiver with respect to any other occasion.

Revenues

Student Fees

Through the fourth quarter ending June 30, Student fees are recorded at 113.4% of budget. Gross student fees for Fall, Spring, and Summer I are above budget by \$3,721,197, \$3,073,305 and \$960,547, respectively. Student fees for Summer II and prior year fees are below budget by \$117,898 and \$46,471. The University's operating budget has been adjusted for this increased revenue due to higher enrollment by increasing scholarships by \$840,000, adjunct faculty salary pool by \$750,000, student wages by \$505,650, faculty equipment needs by \$750,000, and the early retirement incentive plan by \$2,250,000. The additional \$2,845,327 of revenues was used to cover various budgetary shortfalls, as well as for strategic initiatives.

Other Fees and Charges

Other Fees and charges are at 126.6% of budget. This is due to increased fees collected from the College Challenge program, on-campus credit workshops, credit exams, and change of course fees.

Sales and Services

Sales and services finished the year at 113.1% of budget as parking violations, transcript fees, and royalty income were above the budgeted amounts.

Rent, Interest, Dividends, and Gifts

Rent and interest are at 100.7% of budget and are comparable to the prior fiscal year.

Miscellaneous Income

Miscellaneous income for the year was 102.4% of budget, as indirect cost recovery, salary reimbursement, and project management fees were above budget. Revenues are down \$616,614 from the previous year as the result of eliminating the FICA charge back on both the revenue and expense sides. Utilities reimbursed by Residential Life increased by \$300,000 and the ISU Foundation rent was down by \$32,500 as the Foundation moved to their new location in March.

Expenses

Salaries and Wages

Salaries and wages show a reduction of expense of \$2,847,291 from the previous year. This largely due to a reduction of early retirement incentive pay of \$1,276,695 from the previous year, severance pay reduction of \$287,420, administrative pay reduction of \$213,225 and support pay reduction of \$1,352,302. Overtime pay increased by \$80,244.

Fringe Benefits

Fringe benefits expenses decreased by \$2,105,408 from the previous year. This is due to reductions in TIAA-CREF, life insurance, PERF, and FICA contributions. Expenses for unemployment benefits, medical insurance, and disability insurance increased from fiscal year 2009-10.

Student Wages

Student wages show an increase of \$10,319 from last fiscal year. An additional \$410,650 of budget was added to student wages for hiring new student workers. This offset the reduction of carry forward budget and maintained the level of student employment to prior year levels.

Utilities

Utilities expenses are above last year's level by \$1,652,064, as this reflects increases of natural gas of \$907,787 and electricity of \$535,882. A transfer of \$87,786 from the utility reserve was used to offset the shortfall in the utility budget.

Training, Representation and Travel

Training, Representation, and Travel used 81.5% of the budget. The \$349,033 positive reversion will be carried forward into the new fiscal year and will be used to supplement the 2011-12 base budget allocation.

Student Aid

Student Institutional Aid shows a \$321,054 favorable variance, which will carry forward into the 2011-12 year. This includes \$300,000 in graduate assistant scholarships to be used for summer 2010 awards and \$19,613 of Terre Haute Med Ed scholarships. Student institutional awarded aid expense is more than the previous year by \$1,339,849. This is mostly attributed to the increase of the laptop scholarship of \$590,613 and other scholarships tied to increased enrollment.

Supplies and Expense/Transfers

Supplies and Expense increased by \$8,422,588 from the previous year. This reflects transfers out of \$2.25 million related to funding for the early retirement incentive, increased lab fees transferred to departmental designated accounts, and strategic initiatives.

Repairs and Maintenance

Repairs and maintenance show expenses that are below last year's amount by \$421,703. A total of \$146,568 will be carried forward into the new year.

Capital Equipment

Capital equipment shows a \$1,118,343 favorable year-to-date budget reversion that will carry forward into the 2012 fiscal year. Many departments utilize a multiple-year planning approach for the purchase of capital equipment utilizing carry forward dollars.
